Harry is Connick. He was the DJ lawyer who accompanied the FBI witnesses into the courtroom and with whom they consulted before answering questions. She was not in N.O. for any of the camoaign, is supposedly entirely out of contact with anyone there, and does not read the papers. If she got any. She could have heard radio news item. I remain uncertain because of other things I know. One I've never told you is that I have a reporter's notes on meetings in N.O.
